

## ALUMNI ASSOCIATION OF GGDC, SINGUR

### A REPORT

The alumni association of the college, Government General Degree College, was formed through a resolution taken by the Teachers' Council in 2016 after the first batch passed out of the college. Its purpose was to assist the college administration in various events organized by the college as an important stake holder in the process. However, being fresh pass-outs, many were involved in higher studies and pursuing various career options, which considerably limited their participation in college affairs despite the best of intentions.

In was in 2020, with the onset of the Covid pandemic that the college alumni really came together as a direction oriented, motivated body and extended their arm of assistance to the needy and the helpless during the troubled times. Many of them became involved in keeping the supply chain of medicine and ration ready, sacrificing their own safety; and many students who were nurses became frontline Covid workers. It was the trouble that brought the group together. They also increased their connection with the college, and the college became the platform to reach out to all its stake holders and the greater society with help and support.

A group was formed on a virtual platform where covid related information was regularly shared, particularly those related to health service and hospital availabilities. The first online meeting to assess the situation and take relevant action was held on 29.12.2020. This time, discussions were carried out to turn the association into a registered one as par the rules laid down by the Government of India with proper bank account and norms.

Notice for the online meeting leading to the registration of the Alumni Association and discuss other matters arising

The alumni, along with the IQAC of the college, thought it necessary to stand behind its members who were frontline workers during the nightmarish period of the deathly second phase of Covid pandemic. News were reaching us how our frontline workers were battling it out in the field and the healthcare facilities, often getting into depression, anxiety and despondency. So, the association decided to arrange for a program entitled 'Be Brave, Have Faith' to exhibit our solidarity with our alumni who made us proud. A meeting was held on May 16, 2021 to finalise the program. (meeting link – jio-kbzm-aef)

The program was finalized in another meeting held on the very next day, May 17, 2021. (meeting link – wnk-qyjr-sxj). All the stakeholders participated in this meeting and the date of the program after discussion with all was decided on May 22, 2021.

GENERAL DEGREE COLLEGE, SINGUR

IN COLLABORATION WITH

THE IQAC, GGDC SINGUR  
Presents an expression of solidarity with Alumni  
who are Frontline Covid Warriors

## BE BRAVE, HAVE FAITH...

Those who filled our classrooms with joy are now battling it out at the frontlines, trying to save lives of the sick and distressed amidst the unprecedented pandemic which has hit humanity. We invite you to listen to our alumni as they share their experiences of being active Covid warriors as health workers, paramedical personnel and volunteers.

Join in and extend your support towards these brave young hearts, bodies and minds, that are now being stretched beyond capacities trying to cope with this deluge of distress, which they overcome with a strength that only youth can inspire. Let them know we are there with them and for them, together we can surmount all odds!
